DEPARTMENT OF COMMERCE

POLICY FOR SLOW LEARNERS

Department of Commerce has been adopting the following policy to identify slow learner students of the department every year.

Accountancy is a core subject for the course of B.Com and maximum students are being failed in the subject because of its harder level. Hence, every Accountancy teacher gives remedial teaching to slow learner students. As there is Annual 80-20 pattern for B.Com, Term End Examination has taken for 60 Marks in the month of November/December every year. The result of Term End Examination has taken as basis to identify slow learners. Those students who had failed or got below 50% marks are treated as slow learners and remedial teaching had given to the students in the month of January and February on every Saturday by the respective subject teachers.

After declaration of result of the final University examination, the result of Term End Examination of those students who had given remedial teaching has compared with the result of Final Examination and growth in the percentage of both results is identified. There is 5% to 40% growth is observed in the result of slow learners after remedial teaching.

DEPARTMENT OF BBA (Academic year 2019-2020)

Department of BBA /BCA focus on advance learners and also overcome the weakness of slow learners. The students are classified among slow learners and advance learners based on their performance evaluation and achievements in previous examination, evaluation methods includes MCQ test, PPT Presentation and group discussions , based on the above evaluation methods necessary measures are taken to boost slow learners and motivate advance learner to achieve more

Advanced learners:

- The advanced learners are encouraged to participate in various inter college competitions including Avishkar, poster presentation, debates, group discussions
- Students are made available and are encouraged to refer various reference books , text books provide library.
- Competitive examinations (MBA CET/MPSC/UPSC) guidance were arranged.
- Students are encouraged to undertake various Research projects.
- To incorporate social awareness and promote social responsibility among students they are encourage to participate in NSS, Vishakaha, Blood Donation Camps
- To boost the confidence, improve communication skills among students soft skill development programmes were organized
- Various campus placement activities organized by college for students with intention to develop interview skills
- Students are encouraged to give various write-ups, articles, poems for college magazine "Vasant "

- Students are also encouraged to participate in elocution competition at inter and intra college level.
- Students are felicitated in annual prize distribution for their outstanding achievements and their parents are invited for this special occasion.

Following measures were taken by department to overcome the weakness of slow learners:

Slow learners:

- Bridge courses are conducted for slow learners to enhance their understanding in chosen subjects.
- Mentor-Mentee programme is implemented which helped slow learner to facilitate their learning.
- Counseling sessions and interactions with the slow learners were carried out
- Guest lecturers were planned to boost the understanding of subject.
- Google classroom facility provides essential books, notes to slow learners
- Various activities like Group discussion, communication skills, induction programme, soft skill development programme were organized to develop the students
- Regular class tests were organized to evaluate the performance of students.
- Faculty Personal interactions with slow learners with intention to check their progress and mark deviations.

Progress Report of Slow learners
Class: S.Y.B.Sc.
Academic Year 2018-19

Students with low score and those who failed in chemistry were motivated to improve their performance by providing additional help 9 students of chemistry were selected as slow learners on basis of their marks in F.Y.B.Sc. The extra lectures were conducted for these students in month of July for 2 weeks during dates 2/7/2018 to 14/7/2018. In these lectures basic concepts of students were cleared and their doubts were cleared.

These lectures proved beneficial to students as their performance improved.

Following topics were revised for slow learners:

- 7] **Chemical mathematics** : Derivative , integration, partial differentiation, Equations of lines.
- 8] **Stoichiometry**: equivalent weight, molecular weight, primary standard solution, secondary standard solution, methods of expressing concentration.
- 9] **Basic concept in organic chemistry**: resonance effect, inductive effect, hyper conjugation, steric effect, strength of acid and base.
- 10] **Aromaticity**: Huckels rule, structure of Benzene, aromatic character of some heterocyclic compounds.
- 11] **Stereochemistry** : Cyclohexane, chair -boat conformation their energy Energy profile diagram, R and S configurations of various compounds
- 12] **Thermodynamics**: enthalpy, entropy, free energy of system, criterion of Spontaneity, Laws of thermodynamics.

Progress Report of Slow learners
Class: S.Y.B.Sc.
Academic Year 2019-20

Students with low score and students who had failed were motivated to improve their performance by providing additional help. 9 students of chemistry were selected as slow learners on basis of their marks in F.Y.B.Sc. Their extra lectures were conducted for these students in month of July for 2 weeks. The time table was set during 1/7/2019 to 13/7/2019. In these lectures basic concepts of students were cleared and their doubts were cleared

These lectures were found beneficial to students.

Academic Year: 2018-19

Following topics were revised for slow learners:

- 1] **Chemical mathematics** : Derivative , integration, partial differentiation, Equations of lines.
- 2] **Stoichiometry**: equivalent weight, molecular weight, primary standard solution, secondary standard solution, methods of expressing concentration.
- 3] **Basic concept in organic chemistry**: resonance effect, inductive effect, hyper conjugation, steric effect, strength of acid and base.
- 4] **Aromaticity**: Huckels rule, structure of Benzene, aromatic character of some heterocyclic compounds.
- 5] **Stereochemistry** : Cyclohexane, chair -boat conformation their energy Energy profile diagram, R and S configurations of various compounds
- 6] **Thermodynamics**: enthalpy, entropy, free energy of system, criterion of spontaneity, Laws of thermodynamics.

DEPATMENT OF BOTANY

Topics Covered for Slow Learner Students

Cell --

Definition of cell, Classification of cell, Cell cycle, Plant cell, animal cell, Function of cell, Tissue, Types of tissue

Cell division --

Mitosis, Meiosis, Prophase, Metaphase, Anaphase, Telophase

Pollination --

Definition, Self-pollination, Cross Pollination Pollinating agent
Anemophily, Entomophily, Hydrophily

Fertilization --

Fertilization process, Steps involved in fertilization, Development of male gametes, formation of zygote

Cellular organelles --

Membrane bound organelles, Cytoplasm and cellular organelles
Structure of mitochondria.

Five Kingdom systems --

Mode of nutrition, mode of body organization, reproduction,
Protista, Fungi, Bacteria, Archaeobacteria, Eubacteria

Flower—

Structure of flower, Parts of flower, floral whorls, Development of fruit and seed.

Slow and Advance Learner

2018-19

Within the classrooms faculty have to deal with different types of students; some are very intelligent who learn very fast and some are quite weak who learn very slowly. On the basis of their preceding exam performance and learning speed students can be classified in two groups; advanced learners and slow learners. Slow learner and advanced learners would be identified for each subject separately by respective subject teacher. Some activities were taken by department for slow and Advance Learner as follows:

Conduction of activities for Slow learners:

- Provisions should be made in weekly time table by adding extra one hour to conduct problem solving sessions /revision sessions/extra sessions.
- Personal Attention should be provided by respective subject teacher in teaching.
- Assignments and solving University question papers
- Counselling – special hints and techniques.

Conduction of activities for Advanced learners

- Advanced assignments or tasks should be assigned to advanced learners.
- Encouragement Participation in Seminars/Conferences/Technical Events.
- Encourage student to take participate in AVISHKAR research project.

POLICY FOR SLOW LEARNERS

Department of Economics has been adopting the following policy to identify slow learner students of the department every year.

Accountancy is a core subject for the course of B.A and maximum students are being failed in the subject because of its harder level. Hence, every Accountancy teacher gives remedial teaching to slow learner students. As there is Annual 80-20 pattern for B.A, Term End Examination has taken for 60 Marks in the month of November/December every year. The result of Term End Examination has taken as basis to identify slow learners. Those students who had failed or got below 50% marks are treated as slow learners and remedial teaching had given to the students in the month of January and February on every Saturday by the respective subject teachers.

After declaration of result of the final University examination, the result of Term End Examination of those students who had given remedial teaching has compared with the result of Final Examination and growth in the percentage of both results is identified. There is 5% to 50% growth is observed in the result of slow learners after remedial teaching.

DEPARTMENT OF ELECTRONICS
PROGRESS REPORT OF SLOW LEARNERS

S.Y.B.Sc 2018-2019

We have selected 13 students as slow learners on the basis of their score in F.Y.B.Sc class in Electronics subject. These are the students who are failed in both papers of Electronics. Extra lectures are conducted for these students in the month of August and September. Every week 2 lectures were scheduled for slow learners so as to improve their performance. Basics of electronics and some important topics of their syllabus were revised by the concern teachers.

These lectures are found beneficial for these students. It helped them clear their doubts and understand different concepts regarding the same. As a result Makeable progress is seen in these students.

PROGRESS REPORT OF ADVANCED LEARNERS
S.Y.B.Sc. 2018-2019

We have enrolled 16 students as active learners on the basis of their performance in F.Y.B.Sc class in Electronics subject. These are the students who are interested to do something advanced in Electronics. All these 16 students are enrolled in a **One Month Course in Mobile Repairing, held on 22nd & 23rd January 2019 organized by K.V.N. Naik Arts, Commerce and Science, Canada Corner, Nashik.** Extra time is spent on these students to give training of soldering, making circuit connections etc before conducting the Training Course. This training course is completed in the departmental Laboratory under the subject expert and expert teacher's from the department guidance and supervision.

This guidance and motivation during the course is found beneficial for these students. It helped them learn many advanced concepts in regarding Mobile Repairing and explore their interest in the same. As a result Makeable progress is seen in these students.

PROGRESS REPORT OF SLOW LEARNERS
S.Y.B.Sc 2019-2020**

We have selected 23 students as slow learners on the basis of their score in F.Y.B.Sc class in Electronics subject. These are the students who are failed in both papers of Electronics. Extra lectures are conducted for these students in the month of August and September. Every week 2 lectures were scheduled for slow learners so as to improve their performance. Basics of electronics and some important topics of their syllabus were revised by the concern teachers.

These lectures are found beneficial for these students. It helped them clear their doubts and understand different concepts regarding the same. As a result Makeable progress is seen in these students.

PROGRESS REPORT OF ADVANCED LEARNERS

2019-2020

We have sent 7 students of T.Y B.Sc and M.Sc for 107th Indian Science Congress Association which were held at University of Agricultural sciences, GKVK campus, Bangalore, Karnataka from 3rd to 7th January 2020. The Focal theme for conference was "Science & Technology : Rural Development " .

Along with Faculty members our undergraduate and post-Graduate students attained the **National Workshop On Skilled based Entomology** held at Jaipur on 27th -29th January 2020.

Our Students also participated in Intercollegiate Competition held at Swami Muktanand Science College , Yeola.

PROGRESS REPORT OF SLOW LEARNERS
S.Y.B.Sc 2018-2019

Total 9 students were selected as slow learners on the basis of their score in F.Y.B.Sc in zoology. Some students ~~are~~ ^{had} failed in the zoology while some scored average in the subject.

For these students extra lectures were conducted in the month of July. Lectures were conducted for 2 weeks in July month for these students, in these lectures basic and important topics were taught by the concerned teachers. Topics such as basic characters of invertebrate phyla, outline of classification were covered.

These lectures were proved beneficial to the students, therefore in October 2018 when they appeared for the exam in zoology for S.Y.B.Sc papers all students had passed the subject.

PROGRESS REPORT OF ADVANCED LEARNERS

2017-2018

Generally on the basis of their learning speed students can be classified in two groups; advanced learners and slow learners. Each type of students has different learning attitudes and learning habits. A faculty has to adapt a teaching methodology such that he/she may not lose the attention of the slow learners and bore the advanced learners.

The student who learn fast are called advanced learners. Obviously their learning speed is more than the peers. So, being their Teacher, We **have sent 17 students of T.Y B.Sc and M.Sc for 104th Indian Science Congress Association which were held at Tirupati**, To improve their Knowledge and recent scopes in Science and technology.
